Professional Summary

Aspiring Software and Web Developer with a strong foundation in Java, Object-Oriented Programming, HTML, CSS, JavaScript, and SQL databases. I have successfully completed all academic requirements for the Diploma in Multimedia Computing at Tshwane University of Technology and am currently seeking a Work Integrated Learning (WIL) placement to gain practical industry experience. Experienced in developing desktop and responsive web applications through academic projects, with a passion for creating user-friendly, efficient, and scalable software solutions. Eager to contribute to development teams while continuously expanding my technical skills.
